Tutor Scene Messaging Playbook

Pay Now Booking Flow — Pop-up, In-App Messages, Emails, Tutor Notifications, Variables & Triggers (Unicode)

Prepared March 16, 2026

Purpose

This playbook standardizes all client- and tutor-facing communications for the Pay Now booking flow where the customer is only charged after tutor acceptance. It includes: (1) the Pay Now pop-up content, (2) Tutor Scene Messages (in-app), (3) email templates, (4) tutor automated messages, and (5) variables and event triggers for implementation.

Flow Overview (repeat this everywhere)

Pay Now submits your request to the tutor. You are not charged until the tutor accepts. If not all dates are accepted, we notify you to update the schedule, proceed with accepted sessions only, or cancel.

Implementation Variables (use across all templates)

```

1) Pay Now Pop-up (On-Screen Confirmation)

Use immediately after the user taps Pay Now on a cart of one or multiple sessions.

Pop-up Title

Request Submitted — Pending Tutor Approval

Pop-up Body

You’re all set. Your booking request has been sent to {TutorFullName}.

Important: You have not been charged yet. Payment is processed only after the tutor accepts your requested session(s).

What happens next:
1) The tutor reviews your selected dates/times.
2) If the tutor accepts all sessions, you’ll receive a confirmation email and your payment will be processed automatically.
3) If the tutor accepts some sessions, you’ll receive an email and a Tutor Scene message with accepted dates, declined dates, and suggested replacement times (if provided). You can replace dates, continue with accepted sessions only, or cancel.
4) If the tutor declines all sessions, your request will be canceled and no payment is taken.

Estimated response time: {TutorResponseWindow}.

Pop-up Summary Fields (display these)

- Tutor: {TutorFullName}
- Student: {StudentName}
- Subject: {Subject}
- Requested Sessions: {RequestedCount}
- Estimated Total (if all accepted): {RequestedTotal} {Currency}
- Status: Pending Tutor Approval
- Payment: Not charged yet (charged only after acceptance)

Pop-up Buttons

- Primary: View Request Status (links to {RequestLink})
- Secondary: Back to Dashboard
- Optional: Message Tutor (opens chat thread with {TutorFullName})

2) Tutor Scene Messages (In-App System Messages)

These appear in Tutor Scene Messages and can be mirrored as push notifications.

A) Pay Now submitted (instant)

Your request was submitted to {TutorFullName}. You requested {RequestedCount} session(s). You will only be charged after the tutor accepts. We'll notify you if anything changes.

B) All sessions accepted

 Approved! {TutorFullName} accepted all session(s). Your payment has been processed for {AcceptedTotal} {Currency}. Your sessions are confirmed under My Sessions.

C) Partial acceptance (action required)

⚠ Update needed — some sessions weren't accepted. {TutorFullName} accepted {AcceptedCount} out of {RequestedCount}. Declined: {DeclinedCount}. Next step: replace the declined dates, continue with accepted sessions only, or cancel.

Suggested buttons: Review & Update Schedule • Continue With Accepted Only • Cancel Request

D) Tutor declined all sessions

 Not approved — no sessions were accepted. {TutorFullName} was not available for your requested dates/times. You were not charged. You can choose a new tutor or new times.

Suggested buttons: Find Another Tutor • Try New Times

E) Tutor suggested alternative times

 New times suggested by {TutorFullName}. Review the suggested options and select replacements to continue. You will only be charged once your final schedule is confirmed.

F) Client cancels before acceptance

Request canceled. You canceled this request before acceptance. You were not charged.

G) Tutor no response timeout

 Request expired. The tutor did not respond within {TutorResponseWindow}. Your request was canceled and no payment was taken.

3) Client Email Templates (Very Detailed)

Subject: Tutor Scene — Request Submitted (You'll only be charged after tutor acceptance)

Hi {ClientFirstName},

Your tutoring request was successfully submitted to {TutorFullName}.

Important: You have not been charged yet. When you select Pay Now, you authorize Tutor Scene to charge your payment method only after the tutor accepts your requested session(s). This prevents unnecessary refunds and keeps you fully informed if schedules change.

What happens next:
1) Tutor review: {TutorFullName} reviews your selected dates/times.
2) If all sessions are accepted: You receive a confirmation email and your payment is processed automatically for the accepted total.
3) If some sessions are not accepted: You receive a follow-up email and an in-app message showing accepted sessions, declined sessions, and suggested replacement times (if provided). You can replace dates, proceed with accepted only, or cancel.
4) If none are accepted: The request is canceled and no payment is taken.

Your request summary:
Tutor: {TutorFullName}
Student: {StudentName}
Subject: {Subject}
Requested sessions: {RequestedCount}
Estimated total if all accepted: {RequestedTotal} {Currency}
Status: Pending Tutor Approval

Track status: {RequestLink}

Thanks,
Tutor Scene Support

Subject: Confirmed — Your Sessions Are Approved (Payment Processed)

Hi {ClientFirstName},

Good news — {TutorFullName} accepted all requested sessions.

 Your sessions are confirmed.
 Your payment has been processed for {AcceptedTotal} {Currency}.

Confirmed schedule:

{AcceptedSessionsList}

Manage everything in the app: Dashboard → My Sessions.

Thanks,
Tutor Scene Support

Subject: Action Needed — Some Sessions Were Not Approved

Hi {ClientFirstName},

{TutorFullName} accepted some sessions, but not all. You have not been charged for any declined sessions.

Requested: {RequestedCount}
Accepted: {AcceptedCount}
Declined: {DeclinedCount}

Accepted sessions:
{AcceptedSessionsList}

Declined sessions:
{DeclinedSessionsList}

Suggested replacement times (if provided):
{SuggestedTimesList}

Next step: Open your Pending Request to choose one option:
1) Replace declined sessions
2) Continue with accepted sessions only
3) Cancel the request

Open: {RequestLink}

Reminder: You will only be charged once your final schedule is confirmed.

Thanks,
Tutor Scene Support

Subject: Not Approved — No Payment Taken

Hi {ClientFirstName},

Unfortunately, {TutorFullName} was not available for your requested dates/times and did not approve any sessions.

 You were not charged.

You can request new times or select another tutor here: {RequestLink}

Thanks,
Tutor Scene Support

Subject: Request Expired — No Payment Taken

Hi {ClientFirstName},

Your request to {TutorFullName} expired because the tutor did not respond within {TutorResponseWindow}.

 No payment was taken.

You can request a new time or choose a different tutor here: {RequestLink}

Thanks,
Tutor Scene Support

4) Tutor Automated Message (In-App + Email)

Send immediately after the client taps Pay Now.

Subject: New Booking Request — Review Needed

Hi {TutorFirstName},

You have a new tutoring request from {ClientFullName} for {StudentName}.

Request summary
Subject: {Subject}
Requested sessions: {RequestedCount}
Requested dates/times:
{RequestedSessionsList}

Action required
Please choose one option:
1) Accept all sessions
2) Accept some / decline specific dates (and suggest replacement times if possible)
3) Decline the request (if you cannot accommodate any dates)

Payment note
The client will not be charged until you accept sessions. If you accept only some dates, the client will confirm replacements or proceed with accepted sessions only.

Calendar accuracy reminder
Declining dates that were shown as available may impact your scheduling reliability score. Please keep availability updated.

Thanks,
Tutor Scene

Suggested buttons: Review Request • Message Client • Update Availability

5) Event Triggers (what fires each message)

- CLIENT_PAY_NOW_SUBMITTED → Show pop-up + send Client Email #1 + In-App A + notify Tutor.
- TUTOR_ACCEPTS_ALL → Send Client Email #2 + In-App B + capture payment for accepted total.
- TUTOR_ACCEPTS_SOME → Send Client Email #3 + In-App C + set ACTION_REQUIRED (no charge until client confirms).
- TUTOR_DECLINES_ALL → Send Client Email #4 + In-App D + cancel intent (no charge).
- TUTOR_SUGGESTS_ALTERNATIVES → Include {SuggestedTimesList} in Email #3 + In-App E.
- CLIENT_CONFIRMS_REPLACEMENTS → Send confirmation + capture updated total.
- CLIENT_CONTINUES_ACCEPTED_ONLY → Send confirmation + capture accepted total only.
- CLIENT_CANCELS_BEFORE_ACCEPTANCE → In-App F + cancel intent (no charge).
- TUTOR_NO_RESPONSE_TIMEOUT → Client Email #5 + In-App G + cancel intent (no charge).
- PAYMENT_CAPTURE_FAILED → Send action-required email + in-app alert; keep pending for X hours then cancel.

6) Tone Rules (brand consistency)

- Always say “You have not been charged yet” while pending approval.
- Always say “You will only be charged for sessions the tutor accepts.”
- For partial acceptance, present 3 choices: Replace • Proceed with accepted only • Cancel.
- Avoid the word “refund” unless a charge has already happened.
- Always include a clear next step and the {RequestLink}.
